CRQ-SR

The Chronic Respiratory Questionnaire-Self Reported (CRQ-SR) has been developed for use as a measure of quality of life for people with chronic lung disease. It is designed to be completed by the patient, with assistance given by an administrator only as necessary. The CRQ-SR is available at a cost of £27 plus packing and postage. This includes the initial and follow-up questionnaire and scoring sheet.

The references for the CRQ-SR are:-

Williams JE, Singh SJ, Sewell L, Guyatt GH, Morgan MD.
Development of a self-reported Chronic Respiratory Questionnaire (CRQ-SR).
Thorax. 2001 Dec; 56 (12):954-9.

Williams JE, Singh SJ, Sewell L, Morgan MD.
Health Status measurement: sensitivity of the self-reported Chronic Respiratory Questionnaire (CRQ-SR) in pulmonary rehabilitation.
Thorax. 2003; 58(6):515-8

Please note that the CRQ-SR is protected under copyright but you may photocopy the CRQ-SR for your own use. The CRQ-SR may not be used for pharmaceutical company sponsored research without prior permission from Glenfield Hospital.

If your order is less than £50 please pay in advance by cheque made out to 'UHL TRUST' or by debit/credit card and by completing the order form (please note payment must be made in GBP currency and we cannot accept American Express or Visa Electron). Your order will be dispatched as soon as we receive payment.

If your order is £50 or over and you wish to be invoiced, you must provide an official purchase order form containing the address for invoice and emailed directly to l.shortt@nhs.net.

The Self Reported Chronic Respiratory Questionnaire (CRQ-SR)
(Ref: *Thorax* 2001;56(12):954-9) £27 + postage and packing
