

Your procedure follow-up questionnaire

We will send you a **text message (SMS)** with a link to a **questionnaire** the day after your procedure. This is to check that you are recovering well.

The message is sent via Accurx, our approved patient messaging platform.

How to complete your questionnaire

Click on the link in the SMS or copy the link into a browser on your desktop, e.g.
patient.accurx.com/abc

Enter your date of birth. We use this to confirm that it's you.

Answer the questions by 1pm.

Your responses will **not** be seen immediately.

Please seek urgent medical attention by calling 999 if you develop any of the following:

- You are not able to pee or pass wind
- Severe pain that is not eased by medication
- A high temperature (more than 38C) or feeling very unwell
- Difficulty breathing or shortness of breath
- Pain or pressure in your chest
- Feeling confused or drowsy
- Heavy bleeding or discharge from the wound site
- Being sick, or if your sick has dark liquid or blood in it
